Total Ratings:	14	File Size:	83068 Bytes
Average Rating:	★★★★☆	File Name:	fourY.OTP
Created Using:	Origin 7.0	File Version:	
Working Versions:	7.0,6.1,6.0,5.0,4.1,4.0		
License:	Free		

Summary:

This plot template is a multiple axis plot that has 4 independent Y axes, all sharing a common X scale.

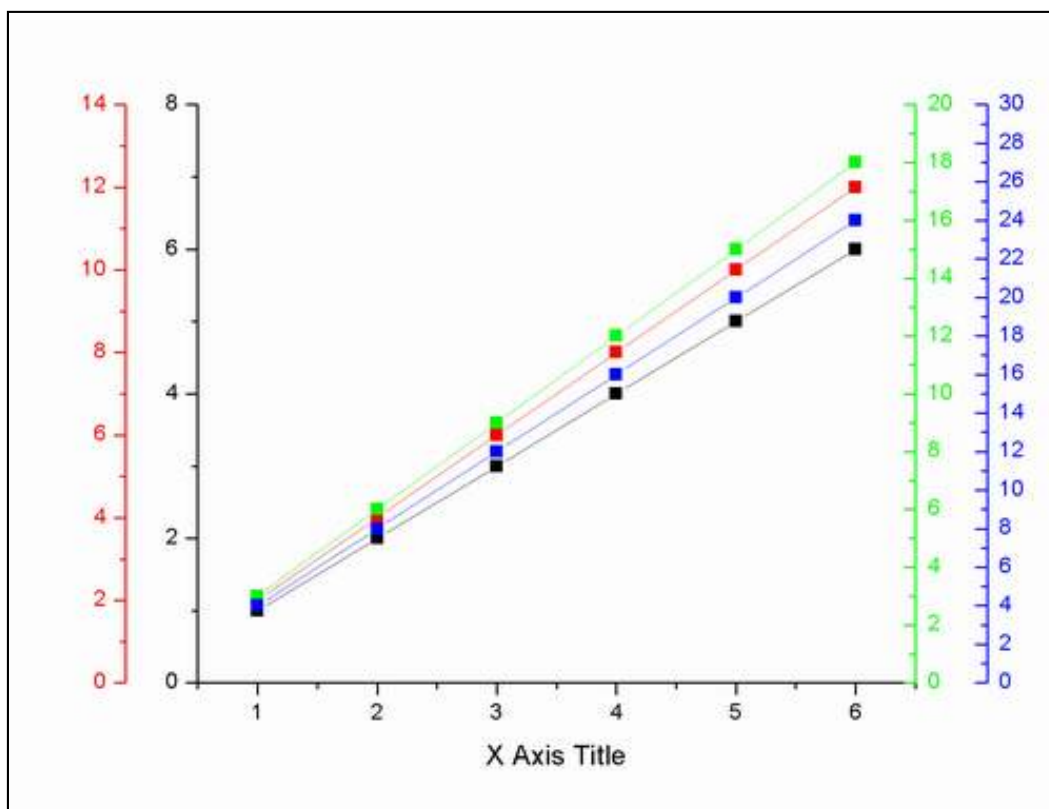

Description:

This plot template is a multiple axis plot that has 4 independent Y axes, all sharing a common X scale.

Save the file in the Origin folder.

To use, highlight 4 Y columns of data in the worksheet and select Plot: Template (Library). The first Y column is plotted in layer 1, the second Y column in layer 2, etc. The data plots as a line+symbol with the color coded to the color of the associated Y axis.
