注：以下模板介绍中的“**关键词**”是指，即使问题没听太懂，但如果听到问题中含**某关键词**，即可断定对应的是**某问题**，套用其模板回答即可。比如，听到问题中含关键词yourself，即可基本断定问题是关于“自我介绍”，套用“自我介绍”模板回答即可。

第一部分，考生篇 > 1. 自我介绍（模板1）

[问题]：Please give us a brief introduction about yourself?/Can you introduce yourself to us?/What can you tell me about yourself?

[关键词]：introduction/introduce, yourself.

[分析]：自我介绍是考研复试面试中必问的问题，一般是2分钟。在自我介绍中，考官并不希望考生大谈个人历史，他是在寻找有关考生性格、资历、志向和生活动力的线索，来判断是否适合读研。对于考生，参加面试，如何全面精彩地介绍自己是很关键的一点。按以下顺序为大家梳理一个简洁的思路，为整个复试奠定一个良好的开端。

第1段：开场白表示自己很感谢有机会向大家介绍自己；

第2段：关于自己的年龄、家乡、大学、兴趣爱好（基本信息一带而过，建议凸显某一特点即可）；

第3段：最后对自己的介绍进行总结（如总结个人生活态度等）。

[模板]：

Good morning, everyone, nice to meet all of you. It's my great honor to stand here to give a brief introduction about myself.

I'm (1), (2) years old, from (3), a beautiful (4) in (5) province. I major in (6) in (7) University. This appealing major is exactly the reason why I'm right here right this moment. In my spare time, I usually read books, go running and listen to music. I especially love sports, because it makes me so relieved from those small daily happenings(每天发生的琐碎事情). Thus I could continue my study with enough enthusiasm and passion.

Personally, I appreciate the optimism and confidence granted by those ups and downs(酸甜苦辣) to me to deal with every problem in my life. Whatever is in store(将要发生) in the coming future, I'm all ready for it. Thank you.(最后一段是个人生活态度的体现)

[说明]：空格(3)填写一个具体的市/县/镇/村的名称，比如厦门。空格(4)根据空格(3)填写对应的city/town/village。空格(7)填写大学名称，特别注意，一定要清楚自己就读大学的英文名称。

第一部分，考生篇 > 1. 自我介绍（模板2）

[问题]：Please give us a brief **introduction** about **yourself**?/Can you **introduce yourself** to us?/What can you tell me about **yourself**?

[关键词]：introduction/introduce, yourself.

[分析]：参加面试的硕士生导师一般是40~50岁，他们基本都经历过吃苦的岁月，而且喜欢搞学术，所以自我介绍应尽可能展示两方面内容：**第一：uneasy**，即自己考研一路走来不容易，比如复习过程中病了，比如曾经拿到一个高薪offer，但是为了实现自己的学术梦，权衡再三还是放弃了；**第二：academic**，即强调自己爱读书爱学习，强调自己有学术潜质，比如谈下自己读过哪些书，思考了哪些问题，希望通过以后的研究为这些问题找到答案，比如谈下自己关注的前沿话题。以下是具体模板。你可根据自己的偏好，在这篇模板与前一篇文章模板中，任选其一。

[模板]：

First of all, thank you for giving me this chance. About myself, there is not too much special to talk about. My name is (1), as you may find on my file. I am just an ordinary student, striving hard to make my own future.

I am from (2) university, majoring (3) (此空格填写专业) there. It is really not easy for me to come so far. I didn't expect this journey would have been so hard when I started preparing. I had some troubles with my stomach, and for a long time I almost gave up. But finally I made it.

There might be one thing that is special in me. I like (4) (此空格填写专业，与空格(3)一样), and to further study it has been my dream since the very day I went to college. Beyond my courses in college, I also read some books and papers on issues including (5), which is my special interest. If possible, I will try to clear out my mind and get my answers for them (此处them指代前面的issues), I am also very interested in (6) (此空格填写前沿话题), as you know, it is a quite new area, and many different ideas can be found. (注：后面也可以具体说下不同的观点)

To say more about myself, I love sports now, which give me a strong body for my further study. I hope I will have the honor to study here. Thank you so much, that's all I want to say about me.

[说明]：空格(3)(4)填写内容一样，都是填写专业。

第一部分，考生篇 > 2. 兴趣

[问题]：Do you have any hobbies that you are proud of?/What's your favorite hobby?

[关键词]：hobby(interest)。

[分析]：兴趣可以折射一个人的内在品质，因此应正确看待这个问题，而不是盲目介绍。主要思路可做以下分析：

第1段：点明个人兴趣，简单带过；

第2段：这个兴趣对自己的帮助，以及个人培养这个兴趣的原因（重点）；

第3段：简单总结自己的陈述。

[模板]：

I have developed extensive hobbies in my life, like (1), (2), (3) and one of my favorite is (4). Personally, I believe that (5) is so appealing that I couldn't survive without it.

I enjoy (6) because I can learn something valuable from it from time to time. I think the control it has over me is reminding me to stay hungry and stay foolish. This modest(谦虚的) mood is exactly what I need to keep moving forward in my study. I could sense something I'm not pretty good at due to this hobby and figure out ways to overcome those annoying shortcomings. Besides, I feel like on top of the mountain when I'm (7) as if it can bring me eternal happiness(永久的幸福).

(8), as a spare-time hobby, contributes enormously to my personality and I'll keep holding on to it.

[说明#1]：空格(4)(5)(6)(7)和(8)说的都是同一个兴趣，其中空格(7)填写的格式是“doing(+n).”。

[说明#2]：比如，空格(1)(2)和(3)分别填写：reading, running和listening to music，空格(4)(5)(6)(7)和(8)都填写reading。

第一部分，考生篇 > 3. 家庭

[问题]：Can you share something about your family?/Would you like to tell us something about your family?

[关键词]：family。

[分析]：家庭环境对考生的品质有决定性的影响，该问题也是从侧面深刻地认识考生。可以按以下思路介绍自己的家庭：

第1段：成员（数量，关系等）；

第2段：重点介绍对自己影响较大的人（从某种品质或习惯方面）（重点）；

第3段：自己对家庭的感悟。

[模板]：

I'm lucky to have a great family including a diligent mother, a wise father, (1) and me.

Both my parents are (2) (此空格简单说下职业，比如填写老师、公务员等). They are really role models(榜样) in my life. That's why I have grown up with a sunny personality. They convince me of the importance of being honest and upright. Thanks to them, my life is filled up with various common senses. My father is a typical example of being responsible for those who expect good in him. He never fails me, and I believe promise and responsibility are something that we can never ignore in our daily life.

I'm so grateful to have such a harmonious family where I could grow up happily and learn to be someone better. It's the most valuable gift I'll cherish in all my life.

[说明]：空格(1)比如可填写：a cute younger brother(可爱的弟弟)。如果家庭成员只有父亲、母亲和我三位，可删除空格(1)及其前面的逗号。

第一部分，考生篇 > 4. 家乡/习俗

[问题]：Where are you from?/Please tell us something about your hometown?

[关键词]：where, hometown.

[分析]：关于家乡的介绍，应突出特色，并表达自己对家乡的感情。可参看以下思路：

第1段：简介家乡在何处；

第2段：介绍家乡的风土人情等，可提及近些年的变化以表明个人对家乡变化的关注等；

第3段：简单总结。

[模板]：

My hometown is ____, a beautiful ____ in ____ province. It is really a nice place for tourism and relaxation.

The people there are easygoing and hospitable. You can even smell the enthusiasm when you are getting close to it. It's a ____ (比如此空格填写 small town) full of unique culture and history. It's quite famous for its ____, you may never get the exact clones in other places. I'd be glad to show you around if possible. I'm sure you'll love it. But in recent years, there are some environmental problems haunting my hometown. Though we've tried to stop it from getting bad to worse, still I wish authority concerned (有关部门) could take it seriously (重视, 认真对待) and make it a much better place for us in the coming future.

Whatever happens, through everything, it's still my beloved hometown, always and forever.

第一部分，考生篇 > 5. 个人特点

[问题]：What do you think about your **strength and weakness**?/Please tell us something about your **characteristics**?/Objectively evaluate yourself or talk about your **personality**?

[关键词]：strength, weakness, characteristics, personality

[分析]：关于考生个人特点的提问是一个很有针对性的话题。通过这个问题可以反映考生对自己的认识。大致可考虑从优缺点两方面介绍：

第1段：优点是什么（比如思想成熟、应变能力强、抗压能力强、创新意识），为什么是优点（带给你的优势）；

第2段：缺点是什么（比如犹豫、凡事要求完美），为什么是缺点（带给你的麻烦），重点是对于缺点的改正（必不可少的补充说明）。

[模板]：

About that, bluntly speaking, the best in me is that I'm (1). The shining strength grants me great happiness and joys in my daily life. I firmly believe that I should hold on to it and keep trying to be much better. Besides, I can be very (2), and I believe it's really important to be (3) as it indeed helps me function at my best under any circumstances.

While, every coin has two sides and I'm no exception. Sometimes, I can be really (4). It kills me to be tortured(痛苦, 苦恼) by some kind of unavoidable consequences caused by the stupid (5). This shortcoming has caused me so much trouble. I have to feel sorry every time I make similar mistake due to (6), it's challenging to break in, but it's getting better now. I have been on my way of fixing(处理, 解决) it for quite a long time. I'm sure I will get rid of it sooner or later, and I believe that's the way how we grow up.

[说明]：第1段提到两个优点，即(1)与(2)(3)，其中(2)和(3)填写内容一样。如果时间紧，也可以只说一个优点。第2段提到一个缺点，(4)(5)和(6)填写内容一样。

第一部分，考生篇 > 6. 大学

[问题]：Please tell us something about your college?/how do you like your college?

[关键词]：college/university

第1段：大学名称、位置等（简介）；

第2段：大学引以为豪的特点（暗示对大学的态度，重点）；

第3段：总结（概况对自己大学的感情）。

[模板]：

I'm from ____ University, it is located in _____. It is particularly famous for its good reputation in _____.

Every year, thousands of freshmen rush into this beautiful campus with great enthusiasm and curiosity for campus life. This is absolutely the positive recognition(嘉许) from the public for our college. Those brilliant minds discover something glorious from time to time, which not only is exciting but also set excellent examples to us. Besides, our university is furnished with(提供,配有) complete infrastructure and accessory stores to provide great convenience to our life. I felt pretty comfortable and easy during the last four years. Meanwhile, I benefit greatly from this beautiful university after four years there.

For me, it's more than just a school, it's a place full of valuable memories about my youth. It's pretty good to have been there before.

第一部分，考生篇 > 7. 专业

[问题]：What's your major?/What do you think about your major?

[关键词]：major

[分析]：问及专业，更多的是考察考生对自己专业的认识 and 关注。可参考以下思路：

第1段：简介专业（专业名称，专业大致内容）；

第2段：自己对专业的认识（重点），可分别从个人喜好以及专业进展等方面展开陈述；

第3段：总结。

[模板]：

My major is (1), mainly revealing (2).

I've been immersed into this major for my entire four college life and now I'm totally obsessed with it. As it concentrates on (3), it can be of practical use in our life. Besides, increasing attention has been paid to the latest discoveries and researches related to my major. On the other hand, my major enlightens me that there's a huge gap between what we think of the world and what it really is. Advanced methods and complicated thinking patterns(思维模式) convince me that we still have a long way to go to enable our major to function at its best.

Generally, I believe my major worth all my endeavors. And I'm willing to spend more time and energy on it.

[说明]：空格(2)和(3)填写内容一样。

第一部分，考生篇 > 8. 书籍/知识

[问题]：What's your favorite book about your major?/Please share a book you have read about your major?

[关键词]：book

第1段：提出专业书籍；

第2段：简介书籍（作者，出版年份，内容）以及自己喜欢这本书的原因或这本书对自己的启发和帮助（详）；

第3段：总结。

[模板]：

My major is ____ and one of my favorite books about my major is ____.

It's written by ____ in ____ (此空格填写年份). And it's mainly about _____. It can act as a perfect guidance in my study, especially when I'm confused by some complicated principles in my major. The other reason why I love this book is that it seems that every issue mentioned in the book has been well-considered. The profound meaning behind the book is more than what it just appears. I'm particularly impressed by the part elaborating that _____. I believe the point is pretty convincing and inviting. It convinces me of the critical significance in _____. In retrospect (回想起来), I'm so proud that I didn't miss this masterpiece (杰作) in light of the valuable lessons I've learnt from it during the last couple of years.

All in all, I've learnt a lot from this impressive book. It is the first book that I've taken seriously, but it's never gonna be the last.

第二部分，考研篇 > 1. 考研原因

[问题]：Why do you decide to go for the national postgraduate entrance examination(NPEE)?

[关键词]：national postgraduate entrance examination

[分析]：考研原因各有各的想法，言之有理即可。但是对于这类问题应按照逻辑有条理地展开陈述。这类问题一方面在于了解考生考研原因，另一方面也在于考察考生的逻辑思维能力。总结原因，大致可从以下三个方面陈述：

- (1) 个人志向；
- (2) 希望有机会获得更深层次的学习和提高；
- (3) 对专业的兴趣等。

[模板]：

Well, a number of reasons can be provided for that question.

I always believe that the first day I stepped on campus, I'm actually on the way of determining who I'm and what I want to be. The moment I realized that I have to make every day count(让每一天过的充实而有意义) to fight for a better self, I'm determined to go for the NPEE to further my education. Besides, I wish to be more academic and furnish myself with the most sophisticated and professional knowledge. On the other hand, society is moving on and I simply don't want to be left behind. Being a postgraduate student is my very first step to catch up with the latest changes around me.

Certainly, my persistence(坚持) is strongly supported by great interest in my major. I do hope I could get to know a little bit more about it. Everyone knows persistence is a long word, it means the journey to success is gonna be a long way to go. We have to stick to the happy ending.

[说明]：此模板没空格，不填写任何内容。

第二部分，考研篇 > 2. 选择报考学校的原因

[问题]：Why do you prefer our university?/Please tell us the reasons that you are willing to come for us?

[分析]：考官也可能会问到为何选择这所学校，其实也是为了了解考生对所报院校的了解。总结原因，大致可从以下两个方面陈述：

(1) 学校的名声和学术氛围；

(2) 个人偏好。

[模板]：

Well, frankly speaking, I finally decide to stay here for some special reasons.

First of all, I'm deeply impressed by the good reputation and academic atmosphere here. As far as I know, I bet it's probably the most suitable place for me to broaden my horizon and deepen my knowledge. Surrounded by those brilliant people, I can be more active and careful in developing my ability.

Besides, from my perspective, I prefer this university due to some personal preference. For quite a long time, I wish I could be there and I even plan everything after my arrival. I'm sure I can make great progress here and accomplish something I couldn't achieve before.

[说明]：此模板没空格，不填写任何内容。

第二部分，考研篇 > 3. 研究生期间计划

[问题]：What are you **planning** to do in your postgraduate period?/Can you tell us about your future **plans** in the postgraduate study?/Have you ever considered that how you will make use of the coming years on campus if you are admitted?

[关键词]：plan/planning

[分析]：学习计划是学生的目标性和上进心的综合体现，可明确陈述2-3个个人在研究生期间的学习计划，并注意逻辑和条理。比如：

- (1) 学习更多的知识充实自己；
- (2) 提高动手操作能力；
- (3) 更好的与人相处等。

[模板]：

Actually I've thought about my schedules during my postgraduate period over and over again.

First of all, I believe that fundamental knowledge is of great necessity, that's why I plan to get access to more professional books to lay a solid foundation to my further study. Besides, I would be happy to share some teamwork with my tutors and my classmates, this could help improve my practical skills in solving problems in reality. Except all above, I wish I could learn more from people around me. For me, being a postgraduate student is not only about academic research, it also enables me to shoulder my responsibility and learn to cooperate with others. I would certainly benefit from the invisible wealth in the rest of my life.

It's never too old to learn, I will cherish this golden opportunity to get somewhere successful.

[说明]：此模板没空格，不填写任何内容。

第二部分，考研篇 > 4. 对研究生学习的期许

[问题]：What are you **expecting for** during the postgraduate period?

[关键词]：expect for

[分析]：关于通过研究生的学习想要提高的能力，通过这个问题了解考生对研究生阶段学习的认识。可以考虑以下方面：

- (1) 确有思考过；
- (2) 个人理由，比如想提高自己的学术能力，塑造个人的品行等；
- (3) 也希望通过自己的努力可以取得进步。

[模板]：

Well, I attempt to pass the examination in the hope to be a postgraduate student for some important and meaningful reasons.

After my graduation, it feels like I know something about everything(对所有知识都略知一二), pity is that I'm not particularly outstanding in one way or two. I wish I could know everything about something(对某领域知识知道一切). It's my ultimate goal to study my major more comprehensively. Besides, I believe further study could provide me enough resources and time to finally get through(理解,明白) something I'm not quite clear before. It's a great way to fix the gap between theories in book and problems in real world. Finally, being a postgraduate student helps me shape better personality. I wish I could be more courageous and capable in dealing with troubles in life.

I know that it's easier said than done, but I'll try harder to accomplish that.

[说明]：此模板没空格，不填写任何内容。

第三部分，其他篇 > 1. 难忘的经历

[问题]：Do you have any unforgettable experiences?/Can you share something unforgettable in your life?

[关键词]：unforgettable

[分析]：简述某个难忘事件对个人的影响，应充分体现个人看待事情的特殊角度，大致可考虑如下思路：

(1) 首先，简单说明自己难忘的经历；

(2) 其次，某经历难忘的原因以及对自己的影响。

[模板]：

The most unforgettable experience is that I once (1).

Maybe you don't think too much about this small happening, but it means a lot to me. Before that, I never expected that (2), while, after that, my previous thoughts were totally challenged. It's quite provoking and I reflect a pretty long time on this abrupt change in my mind. It feels like that my thoughts are completely questioned. I couldn't understand it in the first place. With time passing by, I start to realize I shouldn't be stupid and reckless(鲁莽的,草率的) before. That matter knocks me hard, and I learn to watch the world in another different way. It turns out even behind those trivial stuff(琐碎的事情), there are possibly too much for me to learn from.

Maybe the story is getting old now, but every time I'm stuck in some awkward situation, I can still be motivated by the useful lessons I draw from the unforgettable experience.

[说明]：比如，空格(1)填写：saw the poverty that some people live in in other parts of the world，空格(2)填写：the wealth gap was so drastic.

第三部分，其他篇 > 2. 推崇的品质

[问题]：What do you think are the necessary virtues that one should have?

[关键词]：virtue

[分析]：关于个人比较推崇的品质，根据个人经历据实回答即可。比如要有自制力、诚实、勤奋等。

[模板]：

I believe a postgraduate student should be able to concentrate on his work without being disturbed by influence around him. In other words, we have to learn to control ourselves and don't give in to temptation(诱惑). That's quite important for a noble humanity. Because everyone might do horrible things if not being watched, the only way to survive any potential traps is to be able to get oneself totally under control.

Besides, we should be honest and credible in our behavior. Cheating is gonna ruin our reputation once and for all. It would be too late until one realizes that he might never be trusted again. After all, being trusted by others is kind of happiness. Specially, as postgraduate students, we should take honesty seriously. Though academic performance is important, what's more important is our personality.

Finally, I believe diligence is necessary as genius is 1% inspiration(灵感) and 99% perspiration(汗水).

[说明]：此模板没空格，不填写任何内容。

第三部分，其他篇 > 3. 如果失败

[问题]：What if you fail this time?/What will you do if you get denied?

[关键词]：fail, deny

[分析]：面对问及关于面试失败的问题时，考生应有充分的心理准备。可能考官只是借机了解你更多的想法，也可能你的表现并不是很出色。但无论如何，在面试之前，对于结果有各种预期和心理准备都是必要的。

[模板]：

Well, that's quite a million-dollar question. I did think about it. Honestly, that's the last question I wish to be asked. Since we come to this conversation, well, as the saying goes, hope for the best, prepare for the worst. For the whole examination and interview, I've done whatever I should do. If the result is still unsatisfying, maybe I should just try harder next time. But I've never given too much thought about giving up. I knew it clearly that I would get nowhere if I simply back off(退缩) when stuck in tough test. Life is tough, but I'm tougher. If I got denied, it conveys that I'm merely not good enough. From the positive perspective, what I have to do is just trying to make myself much better until I could stand in front of you and get the positive admission.

[说明]：此模板没空格，不填写任何内容。

第三部分，其他篇 > 4. 自由提问

[问题]：Do you have any question in the end?/you can ask any questions that you might have.

[关键词]：question

[分析]：面试接近尾声时，有时考官会给考生机会提问，应选个人最关注的问题进行提问。比如面试结果何时出，或者自己刚刚的表述清楚与否。不建议说没有问题。

[模板]：

Through our interaction, have I made myself fully understood?

When can I get the final result?

I wish I could get some useful suggestions from you to...

面试结束前，以“Thank you very much. Have a nice day”等表示感谢和祝福。

附：常见情况处理

若考官问的问题没听清楚或没听明白，可以说：

could you speak slowly ?

sorry, I didn't prepare for this question.

I beg your pardon?

I don't understand your question, could you repeat it again?

Would you please simplify the question ? (您能把这个问题说得简单些吗?)

Would you please say it another words ? (您能用别的话来表达您的意思吗?)

Would you please speak a little bit louder ? I can not hear you clearly. (您说话声音能大一点好吗？我听不清楚。)

注意#1：需要时间思考、整理思路的时候，不要出现沉默，可以用一些hmm, well等语气词。不会回答某些问题时，千万不要不懂装懂，可以明确地告诉老师你不知道。

注意#2：在回答问题时，语速一定要慢一些。
